

# Gullsweep®

The finest bird deterrent for boats.

GS-CAT-912

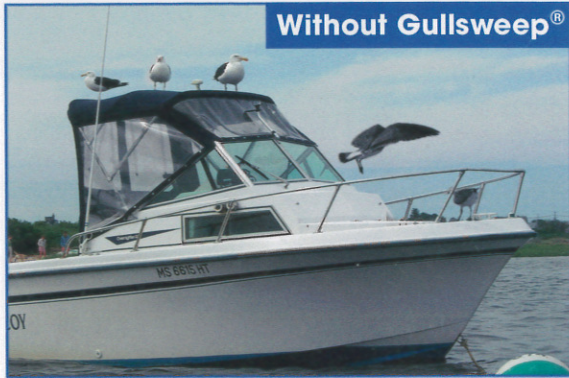

## Makes Boating More Enjoyable!

### Eliminates Clean-Up!

Gullsweep® has been used by boaters around the world (for more than 40 years) to ward off flying critters that love to mess on your boat. And it does the job!

## Many Gullsweep® Models To Choose From!

- GS-1 :** Our most popular model. Easy bottom mounting (see mounting options inside.) Has two 3' arms for a 6' rotating diameter.
- GS-1L :** Our largest Gullsweep. Arms are 4' for a 8' rotating diameter. Designed for heavy-duty applications. To be used only when there's sufficient space. Not as easy to install or store as the GS-1.
- GS-1S :** Same as above, but arms are 2' each for a 4' rotating diameter.
- GS-1 Mini :** Same as GS-1, but arms are 1' each for a 2' rotating diameter. With a 5½" x 5½" mounting base for table-tops or to put on display.
- HGS-1 :** Similar to GS-1, however it hangs from a 30" center support rod, instead of bottom mounting.
- HGS-1L :** Same as HGS-1, but with 4' arms, for a 8' rotating diameter.
- HGS-1S :** Same as HGS-1, but with 2' arms, for a 4' rotating diameter.

**REMEMBER ALL GULLSWEEPS ARE POWERED BY THE WIND.**

## Convenient Easy Hang Display Packaging

This hanging header (shown to the right) is a packaged Gullsweep®. Each Gullsweep® is pre-packaged in a colorful 4½" x 39" self-selling, see-through plastic, hanging enclosure. The actual Gullsweep is included behind this header.

KEEPING BOATS  
**BIRD FREE** FOR  
OVER 40 YEARS!

**Gullsweep®**  
The finest bird deterrent for boats.

**MAKES BOATING MORE ENJOYABLE!**

**Eliminate cleanup time**  
by safely keeping birds from roosting on your boat!

**Deters all marine birds!**  
• seagulls • pelicans • cormorants • pigeons •

**Completely Harmless To Birds & Environmental Safe!**  
No Power Required.

**Model GS-1**

Rotates with the slightest breeze a full 6' diameter.

**BEST VALUE AVAILABLE!**  
Pays for itself over and over again!

**Also available as a HANGING GULLSWEEP!**

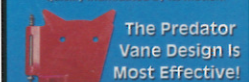

**Model HGS-1**

**Ideal for Sailboats & situations where bottom mounting is impractical.**

Takes no time to install! String a line from mast to fore or back stay. Hang Gullsweep®, leave room to clear boom and area around Gullsweep®.

Birds do NOT like Gullsweep and are quickly intimidated by its motion!

Takes seconds to install, seconds to remove & store when your boat is running.

Two Gullsweeps are twice as effective as one.

**Many Non-Permanent Mounting AVAILABLE!**

**FLEX Mounting**  
tie down over canvas

**Other Mounting Options & Descriptions on Reverse Side**

Custom sizes can be made!  
Gullsweep® Mini's are great on outside table areas where birds love to look for crumbs.

# MOUNTING OPTIONS

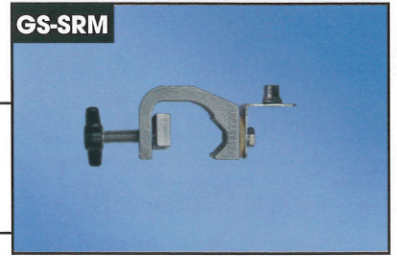

WHATEVER THE SITUATION, THERE IS A GULLSWEEP® MOUNTING TO DO THE JOB!

**GS-RM**

## Rail Mount

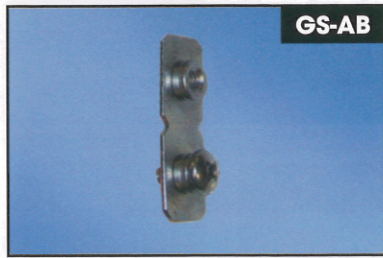

Place vice clamp over railing & tighten so it is vertical to the rail. For rail of 1 5/8".

**GS-SRM**

## Small Rail Mount

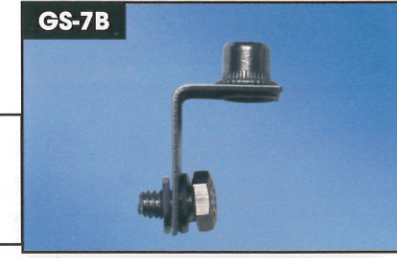

Place vice clamp over railing & tighten so it is vertical to the rail. For rail of 1" or less.

**GS-AB**

## Adapter Bracket

Used on any GullswEEP® mounting to adjust the center mounting pin to a vertical position.

**GS-7B**

## Angle Mounting

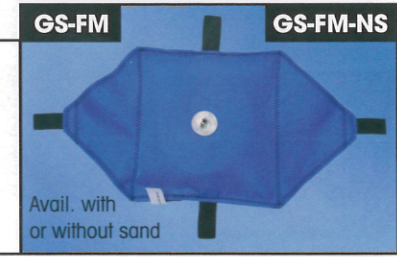

Used on any GullswEEP® mounting to adjust the center mounting pin to an angled position.

**GS-SBB**

## Sailboat Boom

Designed like a saddle to fit over any boom or bimini bundle. Each diameter is different (so rope is not included). Wrap around the boom, a minimum of two times.

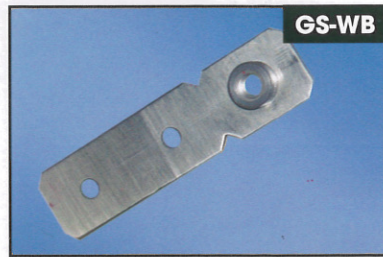

**GS-FM**

**GS-FM-NS**

## Flex Mounting

For situations where one does not want to put a hole in the canvas to mount. Sand-filled. Also available without sand (model GS-FMNS) which saves 2 1/2 pounds.

Avail. with or without sand

**GS-WB**

## Windshield Bracket

Designed to mount on a windshield divider forward of a bimini or other permanent location.

**GS-7**

## Through Canvas

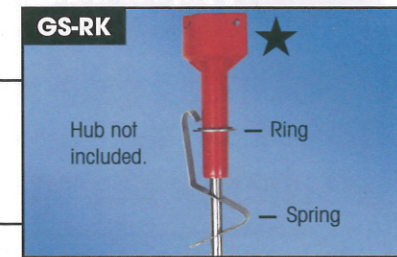

U-Bolt type - Best for boats with canvas or nylon top for a permanent mount.

**GS-RH**

## Rod Holder Adapter

Easy temporary mounting. Most boats have rod holders or rocket launchers on the T-top which are perfect for mounting a GullswEEP! Fits up to 1 5/8" diameter.

**GS-RK**

## Retainer Kit

Slip on to the GullswEEP mounting pin & add retainer ring. GullswEEP can not fall off pin.

Hub not included.

— Ring

— Spring

★ Note: the stainless steel center pin (GS-6) is not included with any of the mounting.

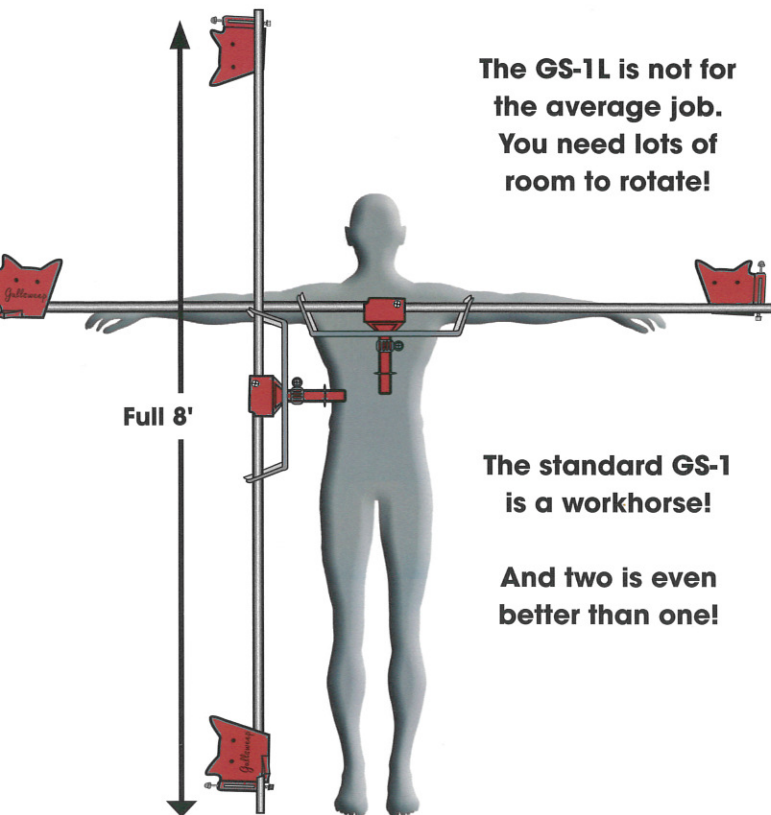

# MANY GULLSWEEP MODELS AVAILABLE

IF YOU HAVE SPECIAL REQUIREMENTS, LET US KNOW WHAT YOU NEED!

## How Big is a Big Gullsweep (GS-1L)?

About 25% taller than a tall Boater (6') &  
About 25% Wider than a Big Boater's Reach!

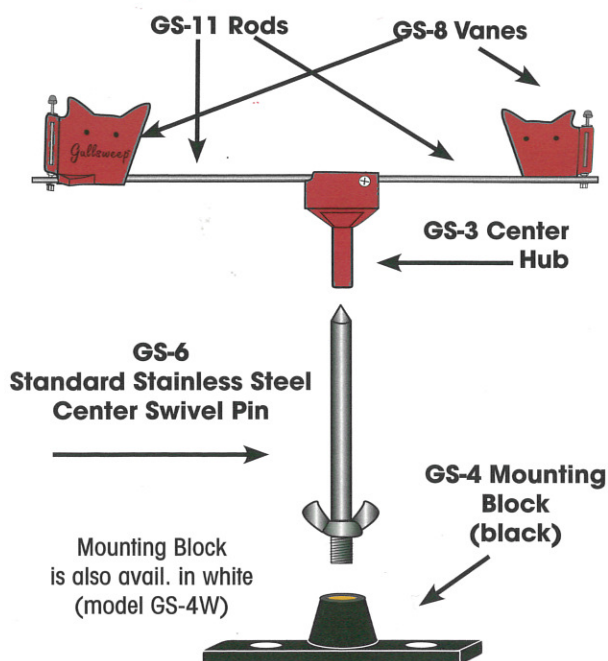

Gullsweeps

All Gullsweep models are easy to store away. Just fold up and put in a safe place when boating. See model GS-P - the Gullsweep Storage Pouch.

# HANGING GULLSWEEP - HGS-1 Ideal for Sailboats

Goes in places bottom mounted Gullsweeps can't handle.

Remember Gullsweep® must have wind exposure.

## MODEL HGS-1

Full 6' revolution diameter

Comes with 1" aluminum spring hook

34" center support rod

Other Models Available (See Cover)

Light tether line (not included)

Our Largest Model HGS-1L has a 8' diameter

## MODEL GS-SC

Use Mounting MODEL GS-SC with Hanging Gullsweep® -

Anodized aluminum stay clamp designed to keep a rope strung between the mast & stay. Clamp on stay, tie line above clamp.

Simply tie a line between the mast and the back or fore stay. Put a loop in the center of the line and hang the HGS-1 in place.

Make sure the Gullsweep® is high enough and centered to clear any obstacles.

To be sure the Gullsweep® stays vertical to the water in any heavy wind conditions, tie a loose, light line through the bottom eye and loop around the booms or a deck fitting.

The hanging Gullsweep® is also great to hang from any overhead supports. Check our website for more info; [www.gullsweep.com](http://www.gullsweep.com).

## Gullsweep is not just for Boats! It has many other uses.

- Screened Porch • Pool Areas • Billboards • Gardens • Walkways
- Docks / Bulk Heads • Lighting Towers • Outdoor Table-Tops • And More!

## GS-MINI

11" dia. x 9" high / base 5-1/2" x 5-1/2" for counter display!

Great on table tops where critters go for crumbs!

When storing, always remove center support pin to avoid injury.

Easy Storage Gullsweeps fold with vanes over rods & parallel to each other.

Free Literature & Poster with Order!
